* Our estimates of non-nationals aged 15 and above for 2010.

** **Total provides the sum of population numbers at different dates. It is not exactly the total population at any of these dates.**

1- Definition:

Non-nationals are:

- 1- persons bearing nationality of a foreign State other than the GCC State of residence, or bearing no proof of nationality from any given state (stateless persons and holders of refugee status and travel document in a third country) ;
- 2- Holders of residence permit residing in the given GCC country at date of census, as per definition of residence used in each of the countries.

Figures for Bahrain and the UAE are estimates.
